

GIAV 2023 Crop Tour Sponsored by Ridley Agri Products

Wed 11 & Thurs 12 October

Outline

Members and colleagues are welcome to join us for our tour of grain growing regions in Victoria and the Riverina. Your attendance will boost your agronomic skills, generate first-hand knowledge of yield and production potential of wheat and barley crops in southern NSW and Victoria and provide valuable networking.

The GIAV has hosted this 2-day Crop Tour since 2016 and is now established as a credible source of pre-harvest yield estimates of wheat and barley crops in southeastern Australia and a valued networking event. A program suited to 30 to 60 participating crop scouts has been modeled on similar tours undertaken in the US and is suited to GIAV members, traders, millers, brokers, students and grain analysts.

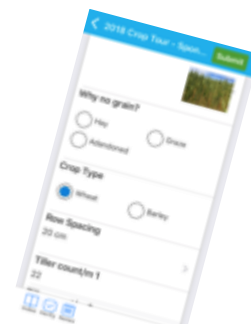

Logistics:

Date	Activity	Time	Place
Tuesday Oct 10	Briefing dinner to learn crop assessments and meet your 2 assigned travel partners	6:00 pm start time	Julie-Anna Inn 268 Napier St Bendigo
Wednesday Oct 11	Travel from Bendigo via 1 of 4 routes inspecting crops	6:30 -7:00 am departure time	Destinations are Horsham, Ouyen and Wagga Wagga
